It's suitable for the complete beginner and works up to an intermediate fingerstyle level - on both acoustic and electric guitars.\r\nFingerpicking is a highly valuable technique to develop and will put you in great shape as you progress through your learning journey. This fingerstyle technique crosses many genres and enables a great level of diversity to your guitar playing. It helps improve finger strength and independence - develops ability in both hands - creates access to a wider mix of musical styles and adds extra possibilities to your own creative expression.\r\nWe begin with simple picking patterns, which will progress to enabling you to tackle some well known songs. Along the way, we learn a range of fingerpicking techniques and I will encourage you to begin to think about how you could implement these in to your own compositions. I believe that encouraging a student to find their creative voice, is a great approach for further developing confidence and awareness of your own individual and unique musical output.\r\nI will also link you to guitar recording and music production software and mention some tips for these areas along the way.\r\nThere are various chords used throughout, so if you are completely new to the guitar, you may also wish to checkout my first class: "Learn Guitar: The Complete Beginners Guide", which you can find here by searching that title. The class covers every essential topic you need to get up and running on the guitar and has a large emphasis on helping you to develop your own - unique - creative ability.\r\nResources: Lots of PDF's are attached to this course, that contain the tab for each song that we work on - with some extra ones thrown in too, so that you can challenge yourself and continue your learning journey, after working through each lesson that I provide. I've also included documents explaining finger positions and other techniques we cover throughout the class.\r\nI wish you all the best with your guitar journey!\r\n"Good luck!", {"tracking_id":939,"is_favorite":false}, {"id": "qk96q", "requirements": "", "lesson_count":80, "duration":33393, "level":1, "instrument_id":214, "topics": [{"id":2, "name": "Playing Skills", "url": "playing-skills"}], "web_url": "", "preview_link": "950?date=1654692423", "preview_type": "course_image", "rating": {"rating":4, "90000000000000003552713678800500929355621337890625", "count":8, "count_to_visible":0, "user_rating":null}, "progress_duration":0, "name": "How to play Drums : The Ultimate Guide to Drumming", "description": "Welcome to How to play Drums: The Ultimate Guide to Drumming\r\nOver the past 18 months of work, this course has been lovingly crafted from the ground up with one main goal: to get you playing the drums like a Pro!What's included in the Drum course?r\nOver 9 Hours of HD drum lessons with studio-quality drums.r\nCurated Spotify Playlists for you to practice to - all designed around the course's content.r\nA student FAQ section where I add videos based on your questions\r\nExclusive practice tracks with sheet music and audio play-throughs.r\nOver 360 exercises and examples spread over 80 lectures.r\nA professional drum tutor is on hand to answer any questions.r\nDownloadable workbooks, reference booklets and quizzes\r\nNo more confusing, multi-parted courses or disjointed lessons.
